SUBJECT :

REFERENCE :

Comparison of Range-head Sites

(NPIC 994-64)

25X1A

1. This memorandum is in response to your requirement requesting a photographic interpretation comparison of two Kapustin Yar/Vladimirovka Missile Test Center near rangehead interferometer instrumentation sites - Elton and Verkhniy Baskunchak - with the cluster of possible instrumentation sites located near Novaya Kazenka.

25X1A

2. The purpose of this comparison was to identify two sites among

25X1

3. In pursuit of this request a substantial portion of all photography was searched to obtain the most recent, highest quality and complete coverage of the Novaya Kazenka area. Missions were among the qualifying missions.

25X1
25X

4. This photography revealed no instrumentation facilities comparable to those instrumentation sites at Elton and Verkhniy Baskunchak.

5. This project is considered to be complete.
